REMARKS

Present Status of the Application

Applicants appreciate that claims 5-7 have been considered to be allowed.

The description regarding FIG. 5 in the specification was already cancelled in response to the Notice of Non-Compliant Amendment dated August 18, 2006. Said amendment was submitted on September 12, 2006 without canceling FIG. 5 at the same time. Accordingly, Applicants have cancelled FIG. 5 as per the Examiner's electronic instruction transmitted on December 21, 2006.

Applicants respectfully submit that the amendment embodied in the drawings changes neither the scope thereof nor the consideration of patentability and thus should be acceptable.
